### 1. Why Choose Unique Japan Tours?

#### 1. FULLY BONDED – FINANCIAL PROTECTION

Unique Japan Tours is a member of Total Payment Protection who fully guarantee and protect financial transactions between you and Unique Japan Tours. Your tour is fully protected no matter what country you are paying from. Full details of this will be clearly explained in our terms and conditions.

#### 2. Small Groups with NO MINIMUM NUMBER POLICY

Our groups have always been intimate in size. We prefer quality over quantity. For that reason, our average group size averages at 8-12 people (maximum 16 guaranteed). Since our tours started in 2007, and unlike many other operators out there, we have never cancelled a tour because of insufficient numbers. If we get less than the minimum number to run a tour (currently set at 6 people), don't worry. We have years of experience designing a semi-escorted version of the same tour. The only difference to you will be instead of having a full-time tour leader throughout, you will be met on arrival at each destination by local guides and assistants - almost like your own private tour!! [See Inclusions on Page 14]

#### 3. Local Team with 24/7 Emergency Helpline

Our local company UJT Services G.K. [also owned by Unique Japan Tours], will oversee all operations of your trip from start to finish. Our team in Tokyo are busy working behind the scenes ensuring each tour runs smoothly, in real time! So, rest assured, no matter what your problem may be, we will be with you all the way. While on our small group tours, your tour leader &/or local guides will be your key contacts for any emergencies.

#### 4. 22 Years Experience in Japan

Our founder, Darina Slattery, first visited Japan in 1998, where she studied at Tokyo's Meiji Gakuin University. Today, she leads a team of Japan travel experts, working with hundreds of local suppliers in Japan directly, and selling tours to Japan globally. "Unique Japan Tours made our time in Japan so special, especially when we landed on Amami Ooshima...a sub tropical paradise island in the Pacific. They couldn't do enough for us and really know how to put together a well thought out itinerary and route. Professional at all times with clear inside knowledge of Japan - giving us experiences we know we would not have got on our own. At first we thought it was pricey, but when we got there, we knew we paid for what we got! Highly recommend Traditional & Tropical Japan. A whirlwind adventure through the mainland before a sit-back and unwind on a tropical paradise Amami Ooshima. Thank you so much to Hokuto and all at Unique Japan Tours."

Trained in various Japanese traditional arts such as Kimono wearing, flower arranging, traditional dance, shamisen (string instrument), and so on, they spend many years perfecting how to walk, talk, and breath like a Geisha. If successful in their progression, they then move to be a Geisha, usually by the age of twenty or so. Such an interesting experience that you will only find in Kyoto. This experience is not sold on the high street. This really is a special occasion on our tour that we have been proud to offer for many years. So be sure to bring your camera and be prepared to ask questions. Our Maiko are very open and love sharing and listening to your stories too.</p>	<p>Kyoto Hotel Okura (or similar for 3 nights)</p> <p>Breakfast daily</p>

### 4. Destination Highlights

#### Tokyo

One quarter of all Japanese live in Tokyo or the near vicinity and with a population of over 12 million inhabitants, Tokyo is one of the largest cities in the world. With its huge skyscrapers, underpasses, overpasses and crowds of pedestrians, Tokyo may not seem the most attractive city on the surface, but the city has a vibrant charm all its own. The street level detail is what makes Tokyo such an incredibly interesting place to explore and at every turn you will be met with an array of sights, sounds and smells to enliven the senses.

The city has many major sights to visit such as Senso-ji Temple in the old downtown area of Asakusa or the fashion hub of Shibuya from where all new trends are said to emanate. All in all, a stay in Tokyo is to experience one of the world's most vibrant and interesting cities; a capital hurtling headlong into the future whilst maintaining its links with the traditions of ancient Japan.

#### Matsumoto

Matsumoto is an alpine city surrounded by the towering peaks of the Japan Alps and has an almost European feel to it. The city is most famous for its original castle which is only a short distance from the station. This is one of the only original castles in Japan and really gives you a sense of ancient Japan and how the samurai used to live and fight. The city also boasts several sake breweries, hidden in the backstreets amongst the traditional buildings, a good museum of Ukiyoe woodblock prints, and is the home of soba noodles, the local speciality which is particularly delicious. The city has a relaxed atmosphere and a cosmopolitan feel befitting of a city renowned for its musicians and authors. The famous violin teacher, Suzuki (of the Suzuki method) originated from Matsumoto and you will find a commemorative statue on the street opposite the station.

## Nagano (*Yudanaka Onsen*)

After the hustle and bustle of Tokyo, you will move onto a rural village less than one hour by train and bus from Nagano city to a tiny place called Yudanaka Onsen in Nagano prefecture. This is home to the famous 'Snow Monkeys' – the wild monkeys that live up in the mountains but come down in the cold to get warm (and get fed!) at a natural open-air hot spring bath. Here you will stay in a beautiful local ryokan.

## Takayama

Mountains in Japan were once believed to be the sacred dwelling places of divine spirits and the Hida, Kiso and Akaishi ranges of Mountains, known collectively as the Japan Alps rise majestically in northern Honshu. Takayama, in the heart of the Hida Mountains is a delightful town, established in the 16th century as the castle town of the Kanamori family and now famous throughout Japan for its old town area of narrow streets containing many well-preserved inns, tea houses, shops and merchants houses with the latticed windows and overhanging roofs characteristic of the Edo period. The town was also renowned throughout the Edo era (1603-1868) for the very high quality of its craftsmen and many of the temples in Kyoto were built by workers from Takayama. The town has many shrines and temples of its own giving rise to the title of 'Little Kyoto'. Just on the outskirts of the town is the fascinating Hida folk village where old farmhouses from across the Hida region have been brought together and rebuilt (beam by beam) on a hillside overlooking the town. Takayama's morning market on the bank of the Miyagawa River is famous and well worth a visit to see the stands selling local farm produce, flowers and crafts. There are also some great micro sake breweries affording the chance to sample the wares of Takayama's most famous product! A stay in Takayama is a chance to get a feel for a way of life that really has all but disappeared from modern Japan.

## Gokayama

Nestled along the deep gorge of Sho River, 33 Gassho-zukuri houses have been preserved in the historic villages of Gokayama including Taira and Ainokura. Your day to Gokayama will enable you to experience a variety of deep cultural activities such as washi paper making and soba noodle making.

# Traditional & Tropical

14 Night Small Group Tour/ Self Guided Tour

## Kanazawa

is a lovely small city close to the Japan sea coast. Until the turn of the century it was the 4th biggest city in Japan. However its wealth was built on rice production and traditional crafts such as weaving and gold leaf and with the full scale industrialisation of the country Kanazawa was somewhat left behind. Today the city is flourishing again and still maintains a lot of its old charms. There are several small geisha districts and one where you can go inside an old tea house and see where the clients were entertained and even take tea yourself (sadly no longer served by geisha!). There are also samurai house and the city's most famous sight, the beautiful Kenrokuen garden rated as one of the three best stroll gardens in the whole of Japan.

## Kyoto

Brimming with tradition, **Kyoto** is the ultimate destination for anybody who wants to soak up time-honoured Japanese culture. Home to 17 UNESCO World Heritage sites, over 1,600 Buddhist temples, and 400 Shinto shrines, this ancient city showcases the heart and soul of traditional Japan. Kyoto boasts an array of world-class gardens, majestic festivals and delicate cuisine, all of which make much of the rhythms of nature and the changing of the seasons. While on first glance visitors may find themselves struck more by the ubiquitous grid-like structure of modern metropolitan Japan, a great part of the magic of Kyoto is in picking out its treasures: sacred shrines tucked in among shopping arcades, time-honoured teahouses nestling among modern businesses and the geisha of legend sweeping down backstreets among the tourists and souvenirs. Kyoto's charm lies in these details and whether you're here for three days or three years, the closer you look, the more you'll discover.

### Amami Ooshima

The Amami Islands are a string of eight sub-tropical islands located south of Kagoshima. Amami-Oshima is the main island, and ranks as the second largest remote island in Japan, after Sado-ga-shima in Niigata Prefecture. The sea around the islands, designated as Amami-gunto Quasi-National Park, is blessed with transparent waters, bright colored coral reefs and tropical fish, and is known as a fantastic diving spot. This untouched native island will give you a sample of how the 'islanders' of Japan live harmoniously with nature. Amami hills are covered in subtropical forests with rare and distinct plants and flowers; its coral reefs are listed in the World Wildlife Global 200 Eco Regions list; and is most famous in Japan for its Kimono-making made from pongee silk known as **Ooshimatsumugi**.
